- Platforms and Frontend tools: Git, GitHub, Netlify, Vercel, Vite, Codepen, NPM
- Strong understanding of React and its ecosystem
- Responsive design principles and mobile-first development
- Proficient in Linux command line usage
- Familiarity with testing frameworks
- Experienced other video editing software
- Hardware troubleshooting, repair and maintenance

PERSONAL SKILLS

- Excellent written and verbal communications skills
- Highly organized and efficient
- Ability to work independently and as a part of a team
- Proven leadership skills and ability to motivate
- Able to work under pressure and in tight schedules

EDUCATION

Cavite State University | Cavite

Bachelor of Science in Information and Technology

Dean's List 2022-2023

EXPERIENCE

Data Analyst (internship wfh setup)

Singapore

March – April 2022

- Led and managed my team, taking charge by setting clear goals, delegating tasks, and providing guidance to team members.
- Analyzed specific information using DataScraper and conducted quality checks after gathering the data together with my senior.

- Collaborated closely with team members and engaged in discussions with senior leadership regarding the project's status, seeking their opinions and advice.
- Proficiency in tools such as Excel, Google Sheets, and data visualization platforms (DataScraper, MeisterTask) for organizing and presenting data.

Restaurant Staff

2018 – 2021

- Balanced multiple tasks, exhibited flexibility in handling unexpected situations, and demonstrated the ability to work efficiently during busy periods.
- Patience and the ability to handle difficult customers and client gracefully.
- Active listening skills to understand customer, client's needs and preferences.

Kawit, Cavite: Municipality office, Data Encoder

2017 - 2018

- Maintained database of every company permit and registrations files
- Managed hard copies, scanning documents and handling other data - related task

PROJECTS/OPEN-SOURCE

Personal Website Portfolio and Projects

- Designed, developed, and launched a personal website portfolio showcasing various projects, including an Online Ordering Website, Ecommerce platform, and Clone Website.
- Implemented responsive design principles to ensure optimal viewing experiences across devices.
- Conducted user testing to identify and address usability issues, ensuring a smooth and intuitive user experience.
- Regularly updated and maintained my personal website portfolio, adding new projects and improving existing ones as needed
